R-PET R-ABS LED 4in1 PD65W cable On Off

DESCRIPTION:

An exclusive charging cable with a full 65W Power Delivery that delivers fast, stable and efficient charging. The logo is illuminated with an LED lamp and gives full focus on your logo.
For complete control, the cable features a discreet on/off button, allowing the LED light to be switched off whenever a more subtle look is preferred. A perfect balance of performance, design and brand presence – crafted for those who want to stand out with sophistication.
Delivered in a sleek black gift box with a silver-embossed logo, adding an elevated unboxing experience and making the cable an ideal choice as a premium accessory, branded product or corporate gift.
All connectors comes with data transfer and works with Apple CarPlay.
