i Hold Magnet

DESCRIPTION:

Discover our round mobile stand featuring integrated MagSafe technology. This practical mobile stand easily attaches to the back of your phone using a strong magnet, providing a comfortable and secure grip. What makes this product unique is that you can always wirelessly charge your phone directly through the stand, eliminating the need to remove it during charging. Available in either Black or White, it can easily be customized to match your style. The printed logo offers an opportunity to showcase your brand elegantly. Perfect for facilitating hands-free use, whether you are chatting or watching videos. This is an excellent combination of design and functionality, making it ideal for gifts or personal use. Give your smartphone the extra comfort and style it deserves.
