

4in1 Magnetic PD cable 1m

DESCRIPTION:

Charging cable made of braided nylon with built-in small magnets to prevent tangling. These smart and unique magnets easily gather the cable after use. The cable has USB-A to Type-C connectors, USB-A to Lightning and Type-C to Type-C. With this cable, you avoid tangles when taking it on a trip. This magnetic cable is 1 meter long and comes in black and four light and stylish colors. The cable can transfer data through all the connectors.
