

Adapter USB-A to Type-C

DESCRIPTION:

Adapter with USB-A on one side and Type-C on the other. Perfect for devices that only have a Type-C port when what you need to connect only has a USB-A connector. Simply plug in your USB-A cable/connector, and then connect the Type-C end to your device. Easy to carry and ensures you always have the ability to connect to devices that require a Type-C port.
