Credit card Dual FindTag

DESCRIPTION:

Keep track of your wallet, phone, or other valuables with Lifetag™ Dual – a sleek, rechargeable tracker compatible with both Apple Find My and Google Find My Device (Find My Hub).
At just 2.5 mm thin, it easily fits inside your wallet or attaches to items you want to keep safe.
It features long battery life, wireless charging, and sound alerts through Apple or Google's tracking apps – making it easy to locate your belongings.
If your item is lost, a finder can quickly contact you through the built-in NFC function. Your contact details are stored on the tag and can be accessed instantly by tapping it with a modern smartphone – no app needed.
The product is IP67-rated – meaning it's dust-tight and protected against water splashes.
Own Design Luggage Tag with Dual Credit card
