

# Private: Dr.ChargeXLPDPRO Powerbank

## DESCRIPTION:

Powerbank with a capacity of 10,000mAh, equipped with PD fast charging at 22.5W. It is easy and convenient to carry with you on the go. No additional cables are needed, as both lightning and Type-C cables are built into this powerbank. The powerbank also features a display that shows the battery percentage. All of our chargers come with protection against overcharging, short circuits, and surges, which safeguards both the charger and the device being charged.
