

GenerationRefillProCeramic L

DESCRIPTION:

This thermos bottle is perfect for your outdoor excursions as well as for everyday use. It is made from 35% recycled stainless steel that meets RCS standards. The bottle features a ceramic interior lining, which ensures that no flavors or air transfer occur, keeping your drink fresh. Equipped with a leak-proof screw lid, there is no need to worry about spills, and it also maintains the temperature of your beverage. The thermos bottle has a capacity of 500ml and keeps your cold or hot drinks at the right temperature. It is recommended to wash this thermos bottle beforehand.
