

MultibottleFlexThermo

DESCRIPTION:

A combination of both thermos mug and water bottle in a 2-in-1 design. The bottle is separable, allowing you to use it either as a water bottle or as a thermos. When used as a thermos, the upper part can function as a cup for drinking. The bottle is leak-proof, crafted with a double-wall construction, and vacuum insulated to maintain the desired temperature. Partially made from recycled stainless steel, it is easy to rinse between uses, although hand washing is recommended for this water bottle. The product is 30% Recycled Stainless steel

SPECIFICATION:

Art No.	3376-00.001	Order from:	50pcs
