Own Design Luggage Tag with Dual Credit card

DESCRIPTION:

Design your own luggage tag and travel smarter. With our unique luggage tag, only your imagination sets the limits – create a design that reflects your company, product or brand.
What makes it truly special is the included **Dual FindTag card**, designed in a convenient credit card format. Compatible with both Apple and Android devices, it offers worldwide tracking directly through your phone's built-in ecosystem – no additional apps or subscriptions required.
Equipped with a rechargeable battery, Dual FindTag helps you keep track of your luggage wherever life takes you – at the airport, across the globe or on your next business trip.
For added peace of mind, the luggage tag also includes a traditional information card for your name and contact details.
Design your own. Track it worldwide. Travel in style.
Premium down to the smallest detail.
This product can also be customized and ordered without Credit Card Dual. Please contact us for a quote.
All designs are individually priced.
