

Own Design Powerbank 5000mAh

DESCRIPTION:

Design your very own Powerbank. Design the Powerbank as your car, boat, machine or as an ice cream or a can, or just a word! Will definitely be a talking point with the recipient. There are no limitations, only incredible opportunities to stand out. All our chargers have protection against overcharging, discharging, short circuit and overvoltage, which protects both the charger and the device being charged. **All designs are individually priced.**
