PD 18W Powerbank 5000mAh

DESCRIPTION:

This powerbank is more equipped than most powerbanks as this supports fast charging so-called PD charging. The size is so compact that it easily fits in your trouser pocket without sacrificing power. The powerbank is a full 5000mAh but an extremely compact size. PD charging is a qick charge, charge with a Type C cord for maximum power in the shortest possible time. In addition to the standard USB socket, this powerbank also has a Type C charged output. If you charge your phone with a Type C cord through the Type C output, you can charge your phone twice as fast using the USB socket.
