

PD 65W Fast Charging Wall adapter

DESCRIPTION:

Upgrade your charging experience with our powerful 65W PD adapter! Whether you need to charge your laptop, smartphone, or iPad, this adapter delivers fast and efficient charging for all your devices. With two Type-C ports and one USB-A port, you can easily charge multiple products simultaneously, ensuring you always have the power you need. (Example: a Macbook allows max 30-35W and an iPhone16 allows max 27W). Thanks to advanced Type-C PD charging technology with GaN, you can achieve lightning-fast charging for your iPad, MacBook, and smartphone at the same time, keeping you on the move without interruptions. Its compact design makes it ideal for travel or adventures, ensuring you stay connected wherever you are. Safety is our priority! Our adapter is TUV/GS certified, meaning it meets the strictest safety standards on the market. With certification across the EU, you can trust that you have a safe and reliable solution for all your charging needs. Invest in quality and performance – your perfect charging solution awaits!
