PD Wall adapter Set 65W + 240W Square Cable Type C

DESCRIPTION:

Upgrade your charging experience with our powerful 65W PD adapter, delivered as a set together with our popular Square cable with full speed 240W. The Square cable combines design, performance and functionality in a way you haven't seen before. Its unique square design features a smart retractable function – simply pull one side and the other follows automatically. No tangles, no pulling. Just smooth, controlled charging. Equipped with USB-C connectors on both ends for maximum compatibility. Whether you're charging a laptop, smartphone or iPad, this adapter and cable deliver fast and efficient power to all your devices. With two USB-C ports and one USB-A port, you can charge multiple products at the same time – always with the right power output for each device. (Example: MacBook approx. 30–35W, notebook up to 60W, iPhone 16 up to 27W.) Thanks to advanced GaN technology and Power Delivery, you get fast, stable and energy-efficient charging for your iPad, MacBook, laptop and smartphone – all at once. The compact design makes it perfect for travel, work and everyday use, keeping you powered wherever you go. Safety comes first. The adapter is TÜV/GS certified and meets the strictest safety standards on the market, with approvals across the EU. A reliable, future-ready charging solution you can trust. Invest in quality, performance and smart design – PowerSet is one of the fastest and most thoughtfully designed charging sets available today.
