

PU Card holder stand

DESCRIPTION:

Smart card holder for your mobile with a clever tripod function also equipped with a built in hidden pocket for your credit card. Super easy to fold up to a vertical position of 60° which is designed to fit 90% of the mobile phone's use, if you rather have it in landscape mode, just turn the phone around. The thin design, only 5 mm thick, allows you to easily leave on the phone without being in the way. Glue on to your phone or mobile cover.
