Qi 10W “DrChargeMag&AllPro+ Powerbank 10.000mAh

DESCRIPTION:

This powerbank offers both Qi (wireless charging) and charging via built-in cables. With a battery capacity of 10,000mAh, it allows you to charge your phone multiple times on a single charge. The built-in cables support both Type-C and Lightning charging. You can also easily charge the power bank using the built-in Type-C and USB-A connectors. This powerbank is compatible with Qi charging for iPhone 11 and newer models.
