

# R-PET Clean cloth with Pouch

## DESCRIPTION:

Our cleaning cloth is made of R-PET, a sustainable material and certified by ESTS. A remarkable 70% of the fabric is composed of recycled PET bottles and consists of microfiber material. The cloth is securely attached to a convenient fabric pouch, allowing for easy folding and portability. To ensure effortless transportation, the pouch features a carabiner hook that can be attached to backpacks, trousers, or other garments. This practical and eco-friendly solution offers a convenient cleaning option wherever you go.
