R-PET Mousepad Standard

DESCRIPTION:

R-PET Mousepad Standard: 240x200x3mm This mousepad is an environmentally friendly choice made of R-PET material and FSC certified natural rubber. With a natural rubber backing, it provides maximum contact with your desk, ensuring a secure grip at all times. The front surface, crafted from recycled PET bottles, allows the computer mouse to glide effortlessly across the mouse pad. The material is GRS and REACH certified, attesting to its environmentally responsible production. All collection and manufacturing processes of the recycled material are certified under the Global Recycled Standard (GRS) 4.0, an international standard ensuring that the material is recycled and handled in an environmentally friendly manner. A three-part inspection is conducted to verify the origin of the raw materials and to ensure adherence to responsible production practices. We use FSC sublimation heat transfer paper and the ink is waterbased and OEKO-TEX Certified. Produced in-house in Malmö. Under 50pcs ask for quote.
