Tornado Max Speaker 35W

DESCRIPTION:

A powerhouse with a sleek, stylish design. With a full 35W output, the speaker delivers rich, clear, and impressive sound that exceeds expectations from the very first track. The generous surface area offers excellent branding opportunities. Choose between elegant laser engraving or a stylish full-color doming finish for added impact. Add a full-color printed lanyard to maximize brand exposure and make the speaker easy to carry. For an even smarter solution, pair it with our Lanyard Exclusive 60W Cable—featuring a full-color printed charging cable. This gives you both a practical carrying strap and a powerful charging cable for the speaker, your mobile phone, and other compatible devices. You can pair two of the speakers with each other and get the real stereo sound. The speaker is IPX7 classified. Big sound. Stylish design. Premium quality in every detail. Lanyard Exclusive 60W Cable
