

Security is everyone's responsibility

SyncStop

USB Condom

Protect your data from accidental syncing and malware!

This item prevents accidental data exchange when your device is plugged into computer or a public charging station. This item achieves this by blocking the data on any USB cable and allowing only power to flow through. This minimizes opportunities to steal your data or install malware on your mobile device.

Places to use:

- Charging Stations
- Airports / Hotels
- Offices
- Friends' Laptops
- Avoid automatic sync.

How to use :

Mobile
phone

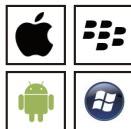

USB
Cable

Sync
Stop
