**Tänk på att**  
färger inte blir så klara som på t.ex musmattor.  
Detta är ett material som inte suger åt sig lika mycket.  
Jämför gärna dina färger med Pantone Uncoated.

We take no responsibility in errors not corrected by customer in the artwork. Refer to PANTONE numbers for correct colours. PANTONE max 90% accuracy.  
Observe that colour appears different on screen and prints. The colours might also be affected by external influences, such as: sun, heat etc.  
**There will be a few millimeter difference on artwork around the edges due to moveable material as it is textile.**  
**On dark colours there may be some marks due to dust that can't be avoided.**

The paper we  
use to transfer  
the print is FSC.
